

Culture Connections

FAMILY CONNECTIONS' CULTURAL COMPETENCY
LEARNING COLLABORATIVE FOR

Opioid Treatment Providers

OBJECTIVE

Our goal is that engagement in the Culture Connections OTP Learning Collaborative will lead to a measurable increase and improvement in Black and African American client recruitment, engagement, and retention in Opioid Use Disorder (OUD) and Medications for Opioid Use Disorder (MOUD) treatment.

HIGHLIGHTS

- A minimum of a six-month commitment with 10 total courses for agency staff at all levels
- A minimum of two technical assistance meetings with leadership per month, both as individual organizations and in a collaborative setting
- Includes data sharing to promote outcome success and standardization of measures

COURSE & TECHNICAL ASSISTANCE SUBJECT MATTER INCLUDES:

- improving racial equity in service delivery via CLAS Standards and TIP 59 adherence,
- assessment strategy,
- workforce diversity and cross racial relations,
- anti-racism,
- strategic partnership and engagement,
- multicultural supervision,
- organizational planning, task force development,
- and culturally competent treatment modalities.
