WHERE HOPE MEETS POSSIBILITY

## Our Mission

Growth happens here every day. With our counseling, skills-building, training and prevention services, people take control of their own healing and foster connections that make our entire community stronger, safer, and healthier.

## Our Vision

We see a world where no one faces life's challenges alone—where we all have the opportunities, connections, and resources we need to thrive.

# Who We Are

Far too many people and families in our communities **struggle with serious challenges** – from trauma and mental illness to substance use, domestic violence, and child abuse. Family Connections is here to make sure **no one has to face these challenges alone.**

**Across Northern New Jersey**, we deliver a wide range of services, including counseling, prevention and training, family bonding, family reunification, social-emotional skills-building – and more.

In the past decade, the number of people participating in our services has quadrupled to **more than 4,000/year**. We rigorously track data across our programs, measuring both the soft and hard impact of our work. So we know that **what we do really works.**

Our highly-trained staff brings their **many skills and big hearts** to work every day – not only **in our offices**, but on-site **in schools** and directly **in the home**. We work with people as they define their own needs, goals, and plans for better lives, so that children, teens, mothers, fathers, veterans, seniors, and others can **heal and succeed** in school, work, and life.

**Since 1879**, Family Connections has proven that communities thrive when everyone is invested in each other's wellbeing. We are **where hope meets possibility.**

# Our Approach

## Leading with values, empathy, and science

At Family Connections, we succeed because we approach our work with strong values, big hearts, and the latest science. **No one of these is enough without the other two.** We pride ourselves on our entire staff's dedication to all three. Whether we're working with a toddler, teen, parent, veteran, or older adult – and whether we're delivering mental health care or supportive housing, linkage to concrete services or skills-building education – our success depends on leveraging our **core values**, our **deep empathy**, and our application of the **best science-based practices**.

As with our Mission, we strive every day to **live our Core Values** by being:

- Inclusive
- Strengths-based
- Relationship-driven
- Outcome-oriented and
- Collaborative

One of New Jersey's leading social service organizations, Family Connections is known for excellence and for always reaching higher. We pride ourselves on living our mission every day and on our commitment to diversity, equity, and inclusion in all aspects of our work. Centering our services on the needs of our communities, we deliver dozens of counseling, skills-building, training, and prevention programs rooted in cutting-edge research, including:
